

Welcome to Your Home Away From Home

3821 NE 39th Ave • Lighthouse Point, FL 33064

Please read this handbook fully — it covers everything you need for an amazing stay.

TEXT OLGA at 312.593.8043 with any questions

HOUSE RULES

Please respect our home and our neighbors. Violations of these rules may result in immediate removal from the property.

- Please respect our home
- All guests must be approved by management prior to stay
- No more than 12 guests allowed at anytime
- No parking on the street or grass — park on the driveways only
- 5 cars maximum at the property after 8:00 PM
- No loud music — see City Noise Policy below
- No smoking inside
- Turn off gas grill when finished using
- Cover jacuzzi when not in use

⚠ Failure to comply with these rules may result in removal from the home with no refund.

CITY OF LIGHTHOUSE POINT — VIOLATIONS & FINES

You signed a City Violation Liability Agreement prior to check-in. This is a reminder of the enforced city ordinances. ALL fines are 100% the renter's financial responsibility — no exceptions.

Noise Violations

If music, bass, or any noise can be heard from the public sidewalk or street — indoors or outdoors — it is a violation. Officers use decibel meters to document. There are no warnings, grace periods, or exceptions.

City Magistrate fine: ~\$1,000 per citation

Multiple citations are possible in a single night if the violation continues.

Parking Violations

After 8:00 PM, a maximum of 5 vehicles may be present on the property. More than 5 vehicles is a violation. Officers photograph vehicles as documentation. There are no warnings.

City Magistrate fine: ~\$1,000 per citation

A single night of repeat violations can total \$2,000–\$3,000 or more.

Financial Responsibility

The renter is responsible for 100% of all fines, penalties, and legal costs resulting from any violations during the reservation — including violations caused by guests, visitors, or anyone associated with the reservation.

CHECKOUT INSTRUCTIONS

Checkout is at 11:00 AM sharp unless otherwise agreed in writing.

1. Start a load of towels before you leave
2. Load and start the dishwasher
3. Take all trash — including bathroom trash — out to the trash cans
4. Turn off all lights, fans, and electronics
5. Lock all doors and close all windows and blinds
6. If you moved any furniture, please return it to its original place
7. Turn off heater if you turned it on
8. Turn thermostat temperature back to 80°F
9. If you used any extra blankets or linens, leave them out to be cleaned
10. Leave all keys on the kitchen counter

If you enjoyed your stay, we'd love a review on the booking site!

If anything wasn't right, please don't wait — call us at 312-593-8043 so we can make it right before your last day.

WI-FI

Network Name: Meetjimdot.net
Password: mortgage

The Wi-Fi router is located in the master blue bedroom together with the DENON system. For a quieter night — open the cabinet and flip the red button on top of the fan off. Please turn it back on in the morning to prevent overheating.

COFFEE MAKER

1. Fill the glass coffee pot with water from the drinking water faucet.
 2. Lift the top lid of the coffee maker and pour the water in the back.
 3. Open the Cuisinart door by pushing the button on the left side.
 4. Place one coffee filter into the holder.
 5. Pour 1 cup of ground coffee (or 1.5 cups for strong coffee) into the filter.
 6. Press the "Grind Off" button.
 7. Press the Brew/Off button.
-

FRIDGE

You can leave unexpired groceries in the fridge when you check out — we will dispose of or donate them.

POOL — RULES & INFORMATION

⚠ Do NOT turn the pool heater above 90°F — you will be charged for this.
When finished, turn the temperature back down to 80°F.

Pool Rules

- Heater must not exceed 90°F — charges apply for anything above
- Return temperature to 80°F when done
- No running or horseplay
- No food, drinks, or glass in or around the pool
- Swim at your own risk

Pool light is located in the dining room on the left side of the sliding door — click the top area of the bottom switch.

Pool Heater Location

The pool heater is located in the back of the home. Walk out the back door and turn left — it's a large grey unit with a fan labeled "RHEEM." There is a slot on the front where you can select Pool Mode and adjust temperature using the up/down arrows.

ROUTINE POOL & SPA CLEANING SERVICE

Every Monday and Friday

Our pool and spa are professionally serviced twice a week to ensure they are clean, balanced, and ready for your enjoyment. The service provider will access the backyard through the side gate during their scheduled visit. We appreciate your understanding.

JACUZZI SPA INSTRUCTIONS

If you accidentally lock the Jacuzzi panel, the unlock code is: 772

Always cover the Jacuzzi when you are done — if left uncovered it will lose heat and become cold.

The display is dimmed due to sunlight — it is more visible at night.

- To increase or decrease temperature: press the Up/Down arrows on the Red/Blue dots on the right
- Maximum temperature is 104°F (set by manufacturer)
- To turn jets ON: press the Bubble icon on the left corner
- To turn jets OFF: press the round button in the middle on the right
- Always put the cover on when finished to retain heat
- Always cover before closing for the night

A. Menu Control Buttons

TV & AUDIO SYSTEM

Main TV Inside — Sony

There are 2 ways to hear sound from the TV: "TV Sound" or "Audio System." The easiest is TV Sound. If you have difficulty with the audio system, just switch to TV Sound. To choose, click Settings on the Sony TV remote, then select Audio Settings.

Audio System (Denon Receiver)

To hear sound through the audio system, the Denon Receiver and all equipment in the bedroom must be on. The Tablet (with the Denon AVR App) controls power and volume — code: 111111.

- Zone 1 = Main TV room surround sound
- Zone 2 = Outside speakers (and living room/bathroom — separate volume knob in each)

Make sure Zone 1 power is on and the source in the top left is set to "TV Audio."

Audio Fan

The red switch on the ceiling of the cabinet controls the cooling fan — keep it ON to prevent overheating. You may turn it off at night if the fan noise bothers you, but remember to turn it back on in the morning.

Troubleshooting — No Sound

If you can't hear TV audio through the ceiling speakers, try this: open the Spotify app on the tablet, play music briefly through the Denon Receiver, then return to TV and select Audio System. This re-establishes the connection.

Spotify Music

You can play music from the Spotify app on the tablet by selecting the Denon Receiver as the audio output. To play the same music inside and out, activate both Zone 1 and Zone 2 in the Denon App.

TV Outside — Seura

- Use the black remote for power on/off
- Use the blue tablet to control the Firestick (orange app)
- Tablet passcode: 111111
- Firestick code: 12345
- For TV audio: make sure the audio source on the outside TV is set to "TV"

Turning Off to Sleep

Flip the red switch in the audio cabinet to turn off the fan for quieter sleep. You can also power down all equipment — but note: this will shut off the internet for everyone in the house. After powering back on in the morning, please wait about 5 minutes for the internet to reconnect.

SCHEDULED PROPERTY SERVICES

Routine Landscaping Service

Every Monday Morning — 8:00 AM to 10:00 AM

Automated Sprinkler System

Every other day — Morning hours 6:00 AM to 7:30 AM

Trash Pickup

Tuesday & Friday — Garbage and Recycling

Please put garbage cans by the side of 39th Street — wheels facing the home — the night before pickup. After trash is picked up, bring cans back to the side of the home by the AC unit.

Routine Pest Control Service

Every Month — Indoor and Outdoor Spraying

A pest control provider visits monthly to spray both the interior and exterior of the property. Guests will be notified in advance of the scheduled date and arrival time.

SECURITY CAMERAS DISCLOSURE

This property has 4 exterior security cameras active 24/7 for guest safety and property security.

NO CAMERAS ARE LOCATED INSIDE THE HOME. The interior is never monitored or recorded.

Camera locations (exterior only, live feed — no recording):

- Front Door — monitors front entry, active 24/7
- Front Gate — monitors front gate perimeter, active 24/7
- Side Gate — monitors side access point, active 24/7
- Back Dock/Canal — monitors boat dock and canal-side perimeter, active 24/7

EXTRA EQUIPMENT

Available in the shed by the side gate near the Jacuzzi:

- 5 beach blue chairs
- 7 black metal chairs
- 1 beach wagon
- 1 beach umbrella
- 2 inflatable paddle boards
- 1 kayak
- 1 paddle board
- 1 manual pump for paddle board

4 tennis rackets and balls are in the closet in the yellow playroom.

TENNIS NEARBY

There is a private tennis court available for guest use near Port 32 Marinas Lighthouse Point:

2831 Marina Cir, Lighthouse Point, FL 33064

Gate Code: 8080#

Rackets are in the yellow bedroom closet.

HOW TO USE THE BOAT

⚠ NO USE OF BOAT WITHOUT SUBMITTING A DEPOSIT AND PRIOR LANDLORD APPROVAL.

Gas gauge and lights are NOT working. Do not use the boat after dark.

Video instructions: <https://bit.ly/3OUbVie>

Radio / Bluetooth

1. Hit the Bluetooth button on the radio.
2. In your phone Settings → Bluetooth → tap "PYLE".
3. Enter code: 1234 (if not 1234, try 0000).

Prep the Boat for Starting

1. By the steering wheel, look right — make sure the "Run" button is ON. This allows the engine to start.
2. Just below that is the Forward/Neutral/Reverse handle. Use the thumb switch to lower the propeller into the water — it should be flat and fully immersed.
3. Lift the backseat and turn the circular battery switch to the right (ON position).
4. Find the black squeezable bulb connected to the engine. Squeeze it fully open and closed repeatedly until it becomes hard and you can no longer squeeze it. This indicates gas has reached the motor.

Starting the Engine

1. Insert the key. Push straight in and hold for a full 5-count: 1 – 2 – 3 – 4 – 5. Then release and wait another 5 seconds. Repeat this cycle three times total. This allows oil to travel through the engine.
2. Now turn the key all the way, hold for 2 seconds, and release. The engine should be running.
3. If the engine doesn't start, check all steps above in order.

Leaving the Dock

- Make sure all 3 ropes are untied from the boat
- Use the stick to push hard off the dock — the front of the boat will slowly face the open water

- Wait patiently until the boat is facing the waterway
- To go forward, press the button on the side of the gear handle to unlock it, then push forward
- Stay in the middle of the waterway — both sides have parked boats

Route Options

At the end of the canal, you can turn left or right:

- Right → scenic 20-min neighborhood loop, eventually reaches the Intracoastal
- Left → directly to the Intracoastal in 3 short canals (we are the 3rd canal). Left on ICW = north to Boca. Right on ICW = south to Fort Lauderdale.

Dropping the Anchor

Two anchors — one in the front seat, one in the back. When approaching a shore or sandbar, slowly lift the motor as you near the sand so the propeller doesn't hit bottom. Throw the front anchor onto shore or wrap it around a post. Drop the rear anchor if there are nearby boats to prevent wave drift.

Reading Signs — No Wake Zones

"Idle" or "No Wake Zone" means travel at minimum speed with no waves behind you. Police wait near bridges and gas stations. Violations will result in being pulled over.

Squealing Noise / Oil Sensor

A loud continuous squeal means the oil sensor is triggered — usually from driving fast (oil shifts away from the sensor). Simply slow down and the sound will stop. If oil is truly low, add 2-stroke engine oil only — available at:

Boat Owners Warehouse — 750 E Sample Rd, Pompano Beach, FL 33064

Phone: (954) 946-6930

Important: Do not fill more than half the oil tank — it will overflow.

Gasoline

Please fill the boat with gas when you're finished. The tank should be full when you begin — refill before your last trip home. Use Rec 90 fuel only.

- Gas Station #1 — Nauti Dawg Cafe / Marina (take ICW south — short drive)
- Gas Station #2 — North on ICW, past the bridge on your right (~20 min)
- Nearest Marina: Port 32 Marinas, 2831 Marina Cir, Lighthouse Point
- Rec 90 fuel also available at the WAWA on Sample/US1

Parking the Boat

Return very slowly — no acceleration. Neighbors have expensive boats. Let the front coast toward the dock slowly, almost like a T-bone approach. Use reverse to slow if needed. A co-captain can use the stick to catch the dock and pull the boat alongside while you raise the motor and cut the engine.

Cleaning the Motor — Important!

Run hose water through the motor for 5 full minutes after every use.

This removes salt and prevents serious motor damage. Hook the hose to the black tube hanging from the motor.

Life Jackets

The law requires a life jacket for every passenger on board. Children under 13 must wear one. Additional life jackets are available in the closet in the playroom.

Emergency — Boat Towing

BoatUS 24-Hour Dispatch: 800-391-4869

Available 365 days a year. They will tow the boat back to the house.

Power Off & Charge Battery

- Turn down all switches to avoid draining the battery
 - Plug the electric cord from the dock outlet back into the battery connector wire in the boat
-

OUR FAVORITE RESTAURANTS

Lighthouse Point

Papa's Raw Bar — Fresh seafood, indoor/outdoor seating

4610 N Federal Hwy, Lighthouse Point, FL 33064 • (754) 307-5034
